

**NURSE PRACTITIONER
WAIVER**

Notification that all insurance plans do not cover services with a Nurse Practitioner.

Our Nurse Practitioner is currently credentialed to see patients for all insurances except Medicare and Medicaid. That means that services rendered to patients with coverage by these insurance companies are filed with specific provider numbers designating that the care given was by Rachel Thompson. These charges are paid at a lower value than services billed from a physician. (Usually 70 – 85% of the normal fee)

Even though the **company** may require we file a claim with the Nurse Practitioner provider number, the particular **plan’s policy is based on the employer’s criteria**. Some of these plans DO NOT cover a Nurse Practitioner and will deny the claim with responsibility for payment due from the patient.

Since this is an individual plan stipulation and we cannot know everyone’s particular coverage, should a denial of payment be received for these services, you, the patient, will be billed for the full charge. By signing this waiver, you are agreeing to be responsible for knowing your policy and for the charges incurred.
